

FC Seattle Academy & Camps

Returning Camper Offer...

This year we have decided to use the **'Power of Membership'** to get the word out about FC Seattle Programs, so you reap the rewards.

It all starts with our 2008 Members...

For every new camper who registers, naming you as their reference, FC Seattle will apply a discount to your account of \$20 per camper (up to 5 campers or **\$100 off** camp registration).

In this financial climate everyone needs to take a closer look at the bottom line to save money wherever they can. While mailing, printing, advertising and field costs have risen, our camp price has stayed the same as it was in 2007.

FC Seattle started running camps in 1987. Many of you will have been through our Camp or Academy Programs over the past 22 years. The children we coached over the years have now produced their own soccer families.

Welcome to the new soccer generation, here is the USA. With the new MLS Sounders FC Franchise in town, Seattle is no exception.

More and more children are playing soccer; all you need is a ball...that's it! Regardless of size, age, gender, nationality, or income. No matter how fast or slow, coordinated or not, you can enjoy this wonderful game.

A Winning Camp Formula

Our summer camps are a great opportunity for children to learn new skills and techniques and meet new friends in a fun and challenging environment. **Highly qualified, enthusiastic coaches from both the UK and the US for our camp programs.** We have a camp to suit players of all abilities!
